1. We don't maintain a list of districts that have used the full review service - we have done every manual in the state that uses the NEPN coding system at one time or another, some more than once (I've been doing policy manuals for 20 years!!). For a list of our most recent users please visit the online policy manual page on our website - there are more than 50, all of whom had a full manual review prior to going online.
2. We keep the price as low as we possibly can. When we do a full manual, we merge your Manual with our reference manual and whether or not you provide Word docs or paper our process still requires similar labor. When we put a manual online it is converted from Word files to a database product so there isn't really a way to skip any steps.
3. We have had our reference manual vetted by MASC's legal counsel. Any policy changes we make often are not only reviewed by Steve Finnegan but also frequently we will consult with appropriate legal counsel at state agencies. When we do a manual with a district we will make recommendations around policies that aren't in our manual and may ask that district legal counsel be consulted.
While I know the law, I want to be clear that I am not a lawyer and I do not give legal advice.
4. Our fees are flat rate - our fees do not always represent our cost as our philosophy is that some part of each service is also partially covered by dues revenue.
5. MASC does not make any policy decisions. We may make recommendations for changes based on practice or law but what is done to your policies is your decision. Recently updated policies are still reviewed but if you are happy with it then it is unlikely there would be any change.

TEACHING ABOUT ALCOHOL, TOBACCO, AND DRUGS

In accordance with state and federal law, the District shall provide age-appropriate, developmentally appropriate, evidence-based alcohol, tobacco, and drug prevention education programs in grades K-12.

The alcohol, tobacco, and drug prevention program shall address the legal, social, and health consequences of alcohol, tobacco, and drug use, with emphasis on nonuse by school-age children. The program also shall include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, tobacco, or drugs.

The objectives of this program, as stated below, are rooted in the Committee's belief that prevention requires education, and that the most important aspect of the policies and guidelines of the District should be the education of children and youth on healthy decision-making:

- To prevent, delay, and/or reduce alcohol, tobacco, and drug use among children and youth.
- To increase students' understanding of the legal, social, and health consequences of alcohol, tobacco, and drug use.
- To teach students self-management skills, social skills, negotiation skills, and refusal skills that will help them to make healthy decisions and avoid alcohol, tobacco, and drug use.

The curriculum, **instructional materials**, and outcomes used in this program shall be recommended by the Superintendent and approved by the School Committee.

This policy shall be posted on the district's website and notice shall be provided to all students and parents in accordance with state law. Additionally, the district shall file a copy of this policy with DESE in accordance with law in a manner requested by DESE.

PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The School Committee, though it is ultimately responsible for all curriculum and instructional materials (including library books), recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the school system's educational philosophy and goals.

Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:

1. If a parent/guardian requests that his/her own child not read a given book, the teacher and/or school administrator should resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply however, to basic program texts and materials that the committee has adopted.
2. The committee will not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a reevaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use:
 - a. The person who objects to the book or other material will be asked to sign a complaint on a standard form on which he/she will document his/her criticism.
 - b. Following receipt of the formal complaint, the Superintendent will provide for a reevaluation of the material in question. He/she will arrange for the appointment of a review committee from among the faculty to consider the complaint.
 - c. The Superintendent will review the complaint and the committee's reevaluation and will render a decision in the matter. Should the decision be unsatisfactory to the complainant, he/she may appeal it to the committee.

In summary, the committee assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parent/guardians with respect to controversial materials used by their own children; it will provide for the reevaluation of materials in library collections upon formal request. On the other hand, students' right to learn and the freedom of teachers to teach will be respected.

AUTHORIZED SIGNATURES

Payroll Warrants Upon the election of the new School Committee chair each spring, the full committee shall authorize the Chair to sign Payroll Warrants on behalf of the School Committee. School Committee members shall be notified of the date when the payroll warrant is ready for the Chair's signature and shall be entitled to review the payroll warrant.

Vendor Warrants Vendor Warrants are payments made to vendors who provide goods and services to the Arlington Public Schools and are processed three to four times per month. The Vendor Warrant shall be signed by the Superintendent of Schools or by the Chief Financial Officer or Assistant Superintendent in the Superintendent's absence. Upon creation of a Vendor Warrant by the School Department, the full School Committee shall be notified by email or by telephone that the Vendor Warrant is ready for review and signature. To reduce delays in payments to vendors, School Committee members are asked to review the vendor warrant within two days of notification.

Vendor Warrant summaries, including an invoice date, vendor name, and payment amount, shall be placed in the School Committee Secretary's office for review by School Committee members. School Committee members should note any conflicts on approved individual payments. Conflicts could include payments to a School Committee Member for reimbursements or payments to a vendor in which a Member or a member of his or her immediate family has a financial interest. Once a Member has reviewed the summary and invoices, s/he is asked to sign the Accounts Payable cover sheet for that warrant that will serve as his/her approval of the vendor warrant. Upon the signature of four School Committee members, the warrant shall be forwarded to Town Hall for approval and processing.

The full School Committee may vote on Vendor Warrants that have already been executed.

LEGAL REFERENCES: MGL, 268A, Section 19:

A municipal district may, as of November 7, 2016, designate a single member to approve bill warrants and report back to the full Committee on their actions.

THIS PROCESS IS NOT ALLOWED AT REGIONAL DISTRICTS.

Our advice to municipal districts is that the School Committee review its policy on "payment of expenses" and, if it wishes to utilize the new process, that it designate a member and a second member as a backup.

File: DK - PAYMENT PROCEDURES

All claims for payment from school department funds will be processed in accordance with regulations developed by the Superintendent. Payment will be authorized against invoices properly supported by approved purchase orders, with properly submitted vouchers, or in accordance with salaries and salary schedules approved by the School Committee.

As an operating procedure, the Committee will receive monthly lists of bills (warrants) for payment from school department funds. The lists will be certified as correct and approved for payment by the School Committee and then forwarded to the municipal auditor for processing and subsequent payment by the municipal treasurer. Actual invoices, statements, and vouchers will be available for inspection by the School Committee.

The Superintendent will be responsible for assuring that budget allocations are observed and that total expenditures do not exceed the amount allocated in the budget for all items.

The school building administrators will be responsible for observing budget allocations in their respective schools.
